**Things you should understand moving forward:**

It is my understanding that there are fees associated with my son/daughter's participation in the Musical. Portage Public Schools charges a \$50 fee to participate in a theatrical production. If you have already paid a fee for any other activity (play or debate) or sport, you DO NOT need to pay this fee again. If this is your first activity of the year, please see Mr. White ASAP and take care of this immediately after casting.

The following fees will be paid to Portage Central Drama at the parent meeting and can be done all at one time:

Tech Dinner: \$10 (cast and crew)

Company Party: \$10 (cast and crew)

During Tech week we will ask that **ALL** participants (cast and crew) donate Pop and Candy for concessions. Specifics will be passed out later on!

I also understand that a successful musical is a group effort. The crew is just as important, if not more important than the cast. For that reason, I am committing to this project with my whole mind and heart. I understand that I must attend the required rehearsals/work days and also stay academically eligible in school. Additionally, I know that it is the expectation that all parents will volunteer in some way to support this production as it will not be a success without the hands of many. With all of this in mind, I lend my full support and consent for my son or daughter to be involved with the musical at Portage Central High School.
