Hello Everyone.

If you have a moment, take a look at the number of people on this list. I am honestly amazed at this number, but in reality, not at all surprised. We all know the truth - all of the cool kids do theatre! Thanks for willing to be a part of this incredible team.

This is just an introductory email to get everyone a few dates to be mindful of, as well as some information as we head into our first build weekend, as well as start our tech day journeys.

Build Days

All students involved in the production are required to attend 2 build Saturdays. Build Saturdays run from **9am - 3pm**, and we feed you lunch. ***Students that are in marching band, you have limited days available.*** This coming ***Saturday, September 14th is one of them. If you are a marching band kid, you have first dibs on this Saturday.*** If you are NOT a marching band kid but still want to come, feel free, but you may want to wait for a Saturday where there will be more construction going on.

Tech Days

We will be meeting ***after school from 2:45 until 4:15 Tuesdays and Thursdays*** until October 10th.

We will meet in the auditorium to start, and then move to a variety of different spaces as we learn new things, gain new skills, and have many theatrical experiences. ***Our first tech day is this upcoming Tuesday, September 17th.***

This day will be spent getting to know one another as well as meeting a few other staff members and getting a quick tour of the spaces. Although I have talked to a few of you individually, for the most part we do not have any crews determined as of yet. We will be utilizing that time on Tuesday to start that process. *****Assistant Director Team, you are attending REHEARSALS on Tuesdays and Thursdays, not Tech Days.*****

Parent Meeting

It is mandatory that one of your parents or guardians attend the ***parent meeting on Tuesday September 17 from 6pm - 8pm.*** Please make sure they get this information.

I could not be more excited for us to begin this journey together!

If you have any questions, concerns, or problems, please make sure to email me at: ehoneysett@portageps.org
